

Laptop Charger with iGo Green™ Technology + USB Device Charging

EU Part Number: PS00133-2008
MSRP: €99.90 / £89.99

Charge almost any laptop from this power saving charger that lets you power at home, in the car or on a plane. Integrated iGo Green™ Technology automatically reduces wasted standby power – no need to unplug the charger.

Features and Benefits

- Uses over 85% less standby power than a standard charger; iGo Green™ Technology enables automatic shut-off and recovery for convenient power savings
- Compatible with most popular laptops – 9 iGo laptop power tips included
- Plugs in at home, in the car or on an airplane
- Guaranteed to safely and quickly charge your laptop automatically
- Includes USB port for charging other mobile devices
- Works worldwide, no need for a voltage converter when traveling

Partner Benefits

- Unique, value-added solution; highly-differentiated from standard chargers – iGo Green™ Technology reduces power consumption
- Interchangeable power tips enable a single SKU to charge multiple devices
